

ComicCraft – AI Comic Story Creator

Project Demonstration

The demonstration presents the complete user journey from entering a comic idea to viewing and downloading the generated result.

Key Activities / Deliverables

- Open the ComicCraft homepage.
- Enter a story prompt, character name, setting, tone, and art style.
- Submit the form to start comic generation.
- Show the generated five-panel storyline and illustrations.
- Review panel titles, scene descriptions, captions, and narration.
- Use the 'Download Your Comic as PDF' action.
- Show the export success page and the option to create another comic.
- Demonstrate the API documentation at /docs when required.
